A Message of Encouragement for Future G30 Students:

I entered Nagoya University as a dropout! After joining an amazing exchange program at Nagoya University, I decided to quit my previous college, applied to G30, and luckily won a full scholarship to study here. I used to doubt my potential and ability to immerse because of this difference, but Nagoya University has been a wonderful place for me to grow personally and professionally. Hope Meidai can also be a memorable stop for you if you ever choose to study here :)
