G30

What and how should I prepare my journey to Japan?

Please carefully read the **Enrollment Instructions** and **Student Handbook** which contains a lot of useful information ranging from immigration procedures to a campus life. Equally important is ask people questions you may have. You can reach out to AO staff via T-Cens or ask senpai or your batchmates via **Discord**! Haven't joined yet? It's never late, let us know: we will send an invitation link soon!

Last but not least, did you check "**G30 Kohai Check List**"? You can find a digital copy on our website! It's not only a fun to read but also

Orientation Week 1

Orientation Week
