A Message of Encouragement for Future G30 Students:

The G30 Program has given me many great opportunities to make friends from around the globe, talk to experts in the legal field, and explore new opportunities at international conferences and competitions. I have grown immensely as a person and have gained a renewed passion in my studies, which has led me to continue actively pursuing a legal career. I know the program will do the same for you all and wish you all the best in your studies when you decide to come to the Nagoya University G30 Program.
