1. Important notes before you apply

- (1) Please refer to the 'List of Laboratories' to see departments, research laboratories (research groups), research areas, research projects and faculty members on the website below and be sure to specify your preferred program, graduate school, and laboratory/research group on the Online Application Form. The applicant must make a pre-application inquiry regarding research projects to a potential supervisor (supervisors) from whom the applicant wishes to receive supervision for their doctoral thesis, before submitting application documents. Please submit application documents after receiving approval from the laboratory. Consequently, give a considerable amount of time and make inquiries early to meet the [application deadline](#).

Please specify **only the first choice** of your preferred research laboratory/research group and supervisor on the Online Application Form. If the contact information is not provided, please contact the graduate school for further assistance. (See "[IX. Inquiries](#)" below)

<https://admissions.g30.nagoya-u.ac.jp/graduate-programs/biological>

- (2) To avoid applying to the wrong Graduate School, please make sure to check the 'List of Laboratories' published on our website mentioned above to see which Graduate School the supervisor belongs to.
- (3) The applicant may apply to only one graduate school per application. To apply to more than one of the programs, you need to create accounts for respective programs on the Online Admissions System, submit a set of documents for each application, and pay application fees, respectively.

IMPORTANT

Inquiries regarding research projects prior to application

The applicant must make a pre-application inquiry regarding research projects to a potential supervisor (supervisors) from whom the applicant wishes to receive supervision for his/her doctoral thesis, before submitting application documents.

If the applicant decides to apply to the University based on the information gained through this pre-application inquiry, he/she must submit all application documents (including application fee) to the appropriate address as specified in "[How to send hard copies of official and/or certified documents by post](#)" by the prescribed deadline for each admission round.

Please note that even if you have already submitted documents to your preferred laboratory/supervisor when making your pre-application inquiry, those documents may not be deemed to be the formal application documents, and thus cannot be accepted as your application.

Other inquiries

For any other inquiries, please contact us via the Graduate School you are applying to. (See "[IX. Inquiries](#)" below)

2. Application periods

Application documents and payment of the application fee are accepted during the following periods only.

To apply, please pay the application fee via the Online Admissions System using Flywire, PayPal, or Domestic Bank Transfer (only for those who currently live in Japan) by the [application deadline](#). You can find the detailed payment instructions on "[How to Pay Fees](#)". Early payment is recommended to give sufficient time for the applicant to submit any missing documents after the initial check by the Admissions Office. If the application fee is not fully received by the [application deadline](#), your application will not be considered.

The applicant wishes to advance to the Doctoral Programs directly after the completion of a Master's Program at a Graduate School of Nagoya University

Once submission of the certificate is confirmed by the Admissions Office, the application fee exemption will be processed and the application number starting with 'G' followed by a 6-digit number will be assigned to each applicant.
