

## Biological and Bioagricultural Sciences Graduate Program (M)

| Graduate School | Department | Research Group                                        | Supervi sor/Staff      |
|-----------------|------------|-------------------------------------------------------|------------------------|
|                 |            | Group of Neural Circuit                               | Azusa KAM KOUCHI       |
|                 |            | interdisciplinary Biology Laboratory (iBLab)          | Shi ngo IWAM           |
|                 |            | Group of Genetics                                     | Shi zue CHSAWA         |
|                 |            | Group of Plant Physi ol ogy                           | Toshi nori KI NOSHI TA |
|                 |            | Group of Plant Mbl ecul ar Si gnali ng                | Yasuomi TADA           |
|                 |            | Group of M crobi al Mtility                           | Seiji KOJI MA          |
|                 |            | Group of Plant Chemical Geneti cs                     | Yui chi ro TSUCHI YA   |
|                 |            | Group of Mbl ecul ar Chronobi ol ogy                  | Tsuyoshi HI ROTA       |
|                 |            | Group of Chemical Physi ol ogy and Advanced I magi ng | Aki ra YOSHI NARI      |
|                 |            | Group of Endocri ne Si gnali ng                       | Naoki OKAMOTO          |

## Biological and Bioagricultural Sciences Graduate Program (D)

| Graduate School | Department | Research Group                                        | Supervi sor/Staff      |
|-----------------|------------|-------------------------------------------------------|------------------------|
|                 |            | Group of Neural Circuit                               | Azusa KAM KOUCHI       |
|                 |            | interdisciplinary Biology Laboratory (iBLab)          | Shi ngo IWAM           |
|                 |            | Group of Genetics                                     | Shi zue CHSAWA         |
|                 |            | Group of Plant Physi ol ogy                           | Toshi nori KI NOSHI TA |
|                 |            | Group of Plant Mbl ecul ar Si gnali ng                | Yasuomi TADA           |
|                 |            | Group of M crobi al Mtility                           | Seiji KOJI MA          |
|                 |            | Group of Mbl ecul ar Chronobi ol ogy                  | Tsuyoshi HI ROTA       |
|                 |            | Group of Plant Chemical Geneti cs                     | Yui chi ro TSUCHI YA   |
|                 |            | Group of Chemical Physi ol ogy and Advanced I magi ng | Aki ra YOSHI NARI      |
|                 |            | Group of Endocri ne Si gnali ng                       | Naoki OKAMOTO          |
